

The following MATCHCOVER lots are from a large collection dating from the 1930's through the 1970's. Most look to be from the 1950's-60's. I do not wish to sell these individually, therefore am willing to sell at reduced prices, in lots of 50 per. Each lot contains a vast assortment of high quality matchcovers, all flattened down, without matches, but with striking strips intact (unless noted). There are several very nice ones in each set, selling elsewhere for anywhere from \$2 to \$5 per, and sometimes higher. With most of the lots below priced at \$67 for 50 matchcovers, you're getting a great deal at under \$1.35 per matchcover, postpaid! A great assortment in each lot, some very rare, and while there may be more than one matchcover from a particular railroad, there are no two that are exactly alike in a single lot. A great way to begin a collection, at an affordable price!!
